Model 2200/5

BEVCO®

2000 Series

If you're looking for economical, heavy duty, upholstered seating for production line or industrial applications, BEVCO's 2000 Series may be right for you! These durable, yet comfortable chairs feature easy manual seat height adjustment with threaded stem and hand-wheel, 360 degree swivel, a fully adjustable contoured backrest for improved lumbar back support, and comfortable 3¾" thick upholstered seat with high density foam.

Our long lasting seat and back fabric is made of Du Pont Teflon protected Marquesa Lana Olefin, designed to resist pilling, fading, punctures or moisture while meeting the flame retardant standards of California Technical Bulletin #117 (Section E). The 2000 Series seat also comes standard with a durable protective vinyl trim surrounding the back and sides.

Model 2000/4 features a four legged 16 gauge tubular steel base and rubber cushioned metal glides. All other models come with a heavier 16 gauge tubular steel base with plastic glides and welded 19" chrome footring. Our top grade baked enamel finish resists chips and scratches. Each model meets or exceeds ANSI/BIFMA standards for safety and durability.

BEVCO's reputation for outstanding value in quality ergonomic seating is backed by over 50 years in business. Made in the U.S.A., our products carry BEVCO's superior "intensive use" guarantee. It's not prorated, works 24 hours a day, and covers any defect in material and workmanship for a full 12 years!

2200/5EC
with Chrome Base and
Casters Options

Standard Features

- Thick, comfortable upholstered seat with durable high density foam
- Easy manual seat height adjustment with threaded stem and handwheel
- Fully adjustable contoured backrest for improved lumbar back support
- Taller models have sturdy 19" welded chrome footring to reduce pressure on thighs and promote better circulation
- Top rated, heavy duty Olefin fabric is Du Pont Teflon protected to resist fading, pilling, or moisture. Meets Dept. of Commerce Standards (191-51) for stain resistance

Standard Colors

FABRIC	VINYL TRIM	FRAME
